Engineers Australia Footings Group SA: Technical Presentation

Join the Engineers Australia Footings Group SA for a series of technical presentations.

5.30pm, Thursday 19 September 2019

Engineers Australia
Level 11, 108 King William Street, Adelaide

The Footings Group SA are pleased to present the following presentations at this event:

- 'Soil Erosion and Drainage Management Plans (Obligations and Consequences)': Andrew Solomon, Manager (Environmental Science), SA EPA
- 'Inspections and the Engineer's Liability': Michael Hutton, Lynch Meyer
- Round 1 of Draft Changes to Special Provisions: Discussion/ submissions on Round 1 Draft Changes previously circulated and vote as to acceptance, led by Rex Gibbs and Committee
- Proposal to extend the remit/ scope of Footings Group to include 'structural' design for residential buildings: Discussion and vote to direct committee and inform Engineers Australia, led by Rex Gibbs and Committee.

The November 2018 AGM considered 10 suggested updates to the Special Provisions. The first of these already circulated, are ready for a Practitioner vote. The remainder will be assessed at the November meeting.

Please note: Refreshments will be provided from 5.30pm, with the **technical presentations commencing at 5.45pm sharp.**
