

Support of the Uluru Statement from the Heart

Engineers Australia acknowledges Traditional Owners of Country throughout Australia and recognises their continuing connection to lands, waters, and communities. We pay our respect to Aboriginal and Torres Strait Islander cultures and to Elders both past and present.

Engineers Australia is proud to support the Uluru Statement from the Heart. The Uluru Statement was delivered to the Australian people in 2017, after extensive dialogue with Aboriginal and Torres Strait Islander people. We accept the invitation from the Uluru Statement to all Australians to support constitutional and structural reform so Aboriginal and Torres Strait Islander people can take their rightful place in our nation. We support the proposal for a Voice to Parliament enabled by the constitution that gives Aboriginal and Torres Strait Islander people a say on matters that impact their communities.

Romilly Madew, Engineers Australia CEO said, "The call for a Voice to Parliament through the Uluru Statement from the Heart remains just as important as it was in 2017. It is a fair and practical reform that will make a real difference for Aboriginal and Torres Strait Islander people".

We support both the [Uluru Statement from the Heart](#) and the [From the Heart](#) campaign for a Voice to Parliament enabled by the constitution.

A handwritten signature in black ink that reads "Romadew".
