# Women in Engineering – 2019 International Women's Day

## Cocktail Event

**Wednesday 13 March 2019, 6:00-8:00pm**

To celebrate International Women's Day (IWD) for 2019, Women in Engineering is hosting a fun cocktail networking evening.

IWD acknowledges the social, economic, cultural and political achievements of women around the world. The campaign for this year's IWD is **#BalanceforBetter**. We are entering an exciting period of history where the world expects balance. We notice its absence and celebrate its presence. Balance is not a women's issue, it's a business issue. The race is on for the gender-balanced boardroom, a gender-balanced government, gender-balanced media coverage, a gender-balance of employees and more gender-balance in wealth.

Our keynote speaker for the night will be the amazing Linda Miller, (Construction Director, Sydney Metro, Bechtel Infrastructure). Linda will share her from her wide variety of experiences and challenges on balance in the industry, its effect on both our personal and professional lives and its role the workplace of the future.

Join us to hear from an inspirational speaker, network with fellow peers over canapés, drinks and help create a **#BalanceforBetter**.

### Linda Miller

Linda is a Bechtel leader currently serving as Construction Director on the new Sydney Metro Tunnels & Stations Excavation team. She has over 25 years' experience with defence, aerospace, transport and project management across Europe, USA and Australia. Linda is an OBE for services to engineering and with a strong focus on encouraging girls and women to join the global engineering & construction industry. For her work, Linda has been featured on several recent TV Documentaries on the BBC.

## #BalanceforBetter

### Venue

Level 3  
Powerhouse Museum  
500 Harris St  
Ultimo NSW 2007  
[engineersaustralia.org.au](http://engineersaustralia.org.au)

### Tickets

EA Members      \$35.00  
Non-member      \$60.00
