# 2018 National Speaker's Program

Systems Engineering Society of Australia (SESA)  
A Technical Society of Engineers Australia

John Nasr, Senior Associate at Advisian, Chartered (CPEng) Systems Engineering specialist with experience in both government and commercial positions to present on the Lessons Learnt Applying Systems Engineering in Transport.

## PRESENTATION

Event: SESA Victorian Transport Working Group (SESA VIC TWG) joint event with SESA National Speaker Program (SESA NSP)

**Date:** Tuesday, 27 November 2018

**Time:** 5:30pm drinks & nibbles for a 6:00pm start (AEDT)

**Location:** Engineers Australia, 600 Bourke Street, Melbourne

This talk will also be broadcasted via VC to various Engineers Australia locations

**Speaker:** John Nasr (Senior Associate at Advisian – past roles at PTV and CASG)

John is a Chartered (CPEng) Systems Engineering specialist with experience in both government and commercial positions spanning the automotive, aerospace, Defence and transport sectors. A recognised leader in his field, John is dedicated to using his Systems Thinking, Systems Engineering, process improvement and project management expertise to help clients navigate and manage the early stages of complex projects in order to reduce risk and ensure that the "customer" receives what they 'need' once the system is operational. John has been involved in the client-side development effort for complex, multi-billion-dollar Defence projects, has led large multi-disciplinary teams across several sectors and has developed cost-cutting asset management strategies. In transport John has been instrumental in challenging the way complex projects are developed in Victoria and has developed and embedded across the portfolio a systems engineering methodology tailored to the needs of the Victorian transport sector that has started to deliver benefits to the state.

## LIVE STREAMS

Brisbane – 4:30pm for a 5pm start

Engineering House, 447 Upper Edward Street  
Brisbane

Sydney – 5:30pm for a 6pm start

Engineers Australia, 8 Thomas Street,  
Chatswood

Canberra - 5:30pm for 6pm start

Engineers Australia, 11 National Circuit,  
Barton

Adelaide – 5:00pm for 5:30pm start

Engineers Australia, 108 King William Street,  
Adelaide

## TICKETS

EA & SESA Members Complimentary

Non-members \$30

[You must register and pre-pay to attend this seminar online as only registered participants will be allowed entry.](#)
